Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon.

Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant.

"Your 'Golden Medical Discovery' is a sick man's friend," writes Geo. N. Turner, Esq., (Ex. Financial Secretary International Brotherhood of Teamsters), 2208 California Street, Denver, Colo. "For the past seven years my health gradually failed. I lost my appetite, became nervous and debilitated, very despondent and unable to sleep. No medicine helped me until I tried Dr. Pierce's Golden Medical Discovery. It put new life into my veins and increased vitality until I could once more enjoy life and attend to my business. Eight bottles affected a complete cure and gladly do I recommend it."

Dr. Pierce's Pellets—only one or two a day will regulate and cleanse and invigorate a foul, bad Stomach, torpid Liver or sluggish Bowels.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Mysterious Shooting.

The murder of Gustavus Stein, who, for many years and until a short time before his death was German consul at Pusbla, Mexico, has caused a profound sensation throughout Mexico, particularly among the German residents of the republic. In addition to the great wealth which he possessed, Stein was looked upon as the leader in all matters affecting the interests of Germans and their country in Mexico. Another thing that has added interest to the tragedy is the fact that he was shot and killed in the palatial home of Antonio Couttolene, a multi-millionaire business man of Puebla. Couttolene and his nephew, Francisco Rangel, are in prison, charged with the crime.

The police were not notified of the murder until several hours after it had been committed. When the officers arrived at the home of Couttolene they found Stein's body laid out on the handsome mahogany table in the luxuriously furnished parlor of the man who is charged with the murder. At the four corners of the table candles were burning. The body had been neatly dressed, and great care had been taken to give it all the care that is usually given the dead of the wealthy in Mexico.

To the police Couttolene admitted that Stein had been shot and killed in his home. He said that the body was laid out by his servants at his request. Rangel was present, and he and Couttolene were arrested and placed in jail.

Couttolene has made a statement, purporting to give an explanation of the tragedy. He says that he and Stein were closely associated in many business matters for several years, and that Stein called at his home to discuss certain business affairs with him. A disagreement arose between them. Stein, he says, got excited and raised his voice in anger. Couttelene says that the next thing he knew there was the report of a pistol and Stein fell dead at his side.

Rangel takes up the story at this point. He says that when he heard Stein's violent language he thought that Couttolene was about to be attacked, and he shot and killed Stein.

It is the theory of some that Stein was lured to the Couttolene home for the purpose of putting him out of the way. The police are conducting a most rigid investigation upon this theory.

Dream of Siberian Conquest.

A dispatch from Tokio, says: If the Czar of Russia remains defiant and obdurately refuses to take the initiative in negotiations for peace, Japan will press the war to the utmost possible limit.

Japanese statesmen are dreaming of a Siberian conquest. At the beginning of the war the most sanguine hoped for no more than that the Russians might be expelled from southern Manchuria, and there was no sentiment in favor of pressing the campaign to Harbin. Now it is confidently expected that Field Marshal Oyama will capture Harbin within a month. The result will be to practically cut Russia off from the Pacific coast, for Vladivostok, Saghalin and Kamchatka will be indefensible. With this vast territory wrested from the Czar Japan can confidently demand an indemnity.

The overwhelming success of the Japanese armies, the headlong flight of the Russian "Grand Army," and the Japanese control of the sea have all combined to bring about a tremendous change of sentiment here. That the government is beginning to be affected by the glory of conquest was shown in an address made by Premier Katsura Friday night to an assemblage of bankers. He spoke of the subjugation of Russia, and said it would take the whole Japanese nation to accomplish it. It would be difficult, he said, to say when the war would end. When the fighting began all was uncertainty. It was like entering the gates of death. But the Japanese armies had been victorious beyond all expectation.

Jury Acquits Girl Slayer.

Pearl Sykes was on Saturday acquitted of the charge of murdering her sweetheart, young Rainwaler, in Carthage, Mo., despite the fact that she admitted she had shot him and no self-defense plea was offered. The judge administered a stinging rebuke to the jury. The story of the murder is that the girl and Rainwaler "kept company" for a long time, the understanding being that they were to be married. They went to the World's Fair in St. Louis and registered as man and wife, but Rainwaler made some excuse for not marrying the girl at that time, and she returned to Carthage in tears. On October 5 Rainwaler attempted to leave Carthage. Miss Sykes followed him to the station and asked him to change his mind. She carried a pistol in a hand bag. When Rainwaler turned and told her that he did not intend to marry her and intimated he never had intended to, she pulled the pistol from the bag, aimed it at him and fired, killing him. She testified that Rainwaler swore at her in their last interview.

A TRAINED NURSE

After Years of Experience, Advises Women in Regard to Their Health.

Mrs. Martha Pohlman of 55 Chester Avenue, Newark, N. J., who is a graduate Nurse from the Blockley Training School, at Philadelphia, and for six years Chief Clinic Nurse at the Philadelphia Hospital, writes the letter printed below. She has the advantage of personal experience, besides her professional education, and what she has to say may be absolutely relied upon.

Many other women are afflicted as she was. They can regain health in the same way. It is prudent to heed such advice from such a source.

Mrs. Pohlman writes:

"I am firmly persuaded, after eight years of experience with Lydia E. Pinkham's Vegetable Compound, that it is the safest and best medicine for any suffering woman to use.

"Immediately after my marriage I found that my health began to fail me. I became weak and pale, with severe bearing-down pains, fearful backaches and frequent dizzy spells. The doctors prescribed for me, yet I did not improve. I would faint after eating and frequently become nauseated. I had an acrid discharge and pains down through my limbs so I could hardly walk. It was as bad a case of female trouble as I have ever known. Lydia E. Pinkham's Vegetable Compound, however, cured me within four months. Since that time I have had occasion to recommend it to a number of patients suffering from all forms of female difficulties, and I find that while it is considered unprofessional to recommend a patent medicine, I can honestly recommend Lydia E. Pinkham's Vegetable Compound, for I have found that it cures female ills, where all other medicine fails. It is a grand medicine for sick women."

Money cannot buy such testimony as this—merit alone can produce such results, and the ablest specialists now agree that Lydia E. Pinkham's Vegetable Compound is the most universally successful remedy for all female diseases known to medicine.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhœa, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other female medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles.

The needless suffering of women from diseases peculiar to their sex is terrible to see. The money which they pay to doctors who do not help them is an enormous waste. The pain is cured and the money is saved by Lydia E. Pinkham's Vegetable Compound. Experience has proved this.

It is well for women who are ill to write Mrs. Pinkham, at Lynn, Mass. In her great experience, which covers many years, she has probably had to deal with dozens of cases just like yours. Her advice is free and confidential.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

Mad Dog in Winchester.

Dr. S. P. Latane, health officer of Winchester, on Saturday night received a telegram from Dr. N. G. Keirle, of the Pasteur Institute, Baltimore, Md., stating that the dog which went on a rampage in Winchester, Friday evening, and bit a number of children, was undoubtedly afflicted with hydrophobia in the worst form. The dog's head was sent to Dr. Keirle, Saturday morning.

It has developed that the dog's victims number six children, one of whom is a girl. On the first train which left Winchester this morning the six victims were taken to the Pasteur Institute at Baltimore for treatment.

Yesterday afternoon Mayor Baker wrote a proclamation, which was issued today, calling upon the people to muzzle every dog within the city's limits, and the police have been instructed to see that the order is rigidly enforced. Two dogs which were bitten by the mad dog were captured and shot by the police yesterday afternoon.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat or chest irritation, better act promptly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine on earth. At E. S. Leadbeater & Son's drug store; 50c and $1.00; guaranteed. Trial bottle free.

Inflammatory Rheumatism Cured.

William Shaffer, a brakeman of Dennison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says. "Finally I sent to McCaw's drug store for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam." For sale by Gibson & Timberman and W. F. Creighton & Co.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

MONDAY EVENING, MAR. 20, 1905.

AS HAD been anticipated, strenuous efforts are being made in cities in southwestern Virginia to have the office of collector of internal revenue removed from Alexandria. When Mr. Summers was appointed collector for the western district in place of Mr. Agnew the Gazette gave several reasons why the change should not be made, one of which was that the government has recently spent between $60,000 and $70,000 on the public building in this city for the specific purpose of accommodating the internal revenue offices. The convenience afforded the latter by being so close to Washington is incalculable, while most persons having business with the office have ever appreciated the benefits of the central position of Alexandria through which the great trunk lines of the south pass. People living in the Valley of Virginia can make the round trip to Alexandria in much less time than it would take to go to Lynchburg or Abingdon, and those residing in this portion of Virginia would be subjected to loss of time and great inconvenience were the office removed.

MR. ROOSEVELT'S familiars say he is an impulsive man, means well, is honest, but when they are pressed on this subject they are forced to admit that, like Reuben, he is as unstable as water and holds to no rule that will work both ways; indeed he is a rule unto himself. A case in point—one which has come under the immediate observation of the readers of the Gazette. Recently Mr. Roosevelt issued an order directing government officeholders to relinquish their position as chairmen of political committees, &c. Under the rule Mr. Park Agnew, of this city, collector of internal revenue, resigned as chairman of the State republican committee and later was asked to resign as collector, but on Saturday the President appointed Mr. Elliott Northcott, the republican chairman of the West Virginia State republican committee, as collector of internal revenue of that State!

SENATOR TELLER does not put implict confidence in that wonderful tale given out very late in the day by the Department of the State, that Commander Dillingham and Minister Dawson negotiated the original Santo Domingo protocol without instructions, and that the provisions making the agreement absolute, instead of dependent upon ratification, was only intended impose upon the revolutionists. He insisted in open session in offering a resolution calling for all the correspondence in the case. It is, he says, a part of the public records of the country, and he would not offer his resolution in executive session. Senator Teller's curiosity, says the Philadelphia Record, is likely to embarass the Admin istration.

WITH THE decision that the Santo Domingo treaty could not be ratified, the special session of the Senate was at 3:39 Saturday afternoon adjourned without day, as was stated in the Gazette of that day. Democratic opposition prevented the ratification of this debt collecting treaty with which this country had nothing to do, and shows the importance of democratic unity in the Senate. No motion was made to recommit the treaty, and it was allowed to remain on the calendar. It will be the pending business in executive session when the Senate next meets, whether it be in special or regular session.

IN HIS letter of regret to the Davis dinner in honor of the Pan-American Railroad Committee, Wednesday, of last week, Mr. Andrew Carnegie said that the development of the Pan-American Railway would cost less in twenty years than the temporary navy during the same time. He suggested that the completion of the railway to South America would do more to eliminate the element of danger than all the warships we could build. This conclusion, reached by one of the foremost and shrewdest business men of the age, should be heeded by those now managing the affairs of this country.

IT IS reported in Chicago that owing to a quarrel among the packers fall information concerning beef trust methods will reach the federal grand jury. This is on the principle that when a certain class of individuals fall ont, honest people get their dues.

HAS THE Senate gotten the President off its hands or has the President gotten the Senate off his?

Federal Places for Southerners.

If the plans of the Civil Service Commission prevail, the southern States hereafter will have larger representation in the executive Departments at Washington. Examinations will be held April 26 for bookkeepers and May 3 for clerks in the States farthest in arrears in apportionment. Except in a few instances these are southern States.

Washington, D. C., March 20.

A formal order was issued today by the Treasury Department announcing the appointment of Capt. Worth Ross, of the Revenue Cutter Mohawk now stationed at New York, as chief of of the Revenue Cutter Service. He takes the place of Capt. C. F. Shoemaker who retires on the 27th instant at the age of 64 years.

Contrary to expectations, the U. S. Supreme Court did not today decide the motion for an immediate issue of the mandate in the Harriman-Hill decision. This for the present, prevents distribution of the funds in the possession of the Northern Security Company. The opinion of the court announced to favor the Hill contention, has not yet been handed down. In the case of Peter Miller and Thomas Shefferson, of Colorada, sentenced to fines and imprisonment in connection with the Denver electric frauds, the U. S. court today denied application for a writ of habeas corpus. On motion of Asst. General Day, the U. S. court continued until the October term the case of Pearcy vs. Stranahan, involving the question whether the Isle of Pines is Cuban or United States territory. The court today took recess until April 3rd.

Former Senator John M. Thurston, of Nebraska, was today elected chairman of the National Commission for the Louisiana Purchase Exposition in place of Senator Thos. H Carter, of Montana, resigned. The commission expects to wind up all of its business in connection with the fair and to make its final report some time in June or early in July.

The Department of Agriculture has thrown up the sponge in the combat with the boll weevil. The little Guatamalanant which was heralded as the great weevil destoyer has apparently failed to "make good," and all the other insect and chemical exterminators tried from time to time by the Department have proved futile against the weevil.

With the opening of the Eastern racing season only four days away, the Benning track is the Mecca toward which all horsemen and throughbreds are turned. At nearly every hour of the day trains loaded with horses arrive at the siding outside the grounds.

Minister Powell cables the State Department from Hayti that a government decree has been published there ordering all Syrians out of that country by April 1. This action is supposed to be in retaliation for alleged sharp practices played by Syrian traders upon the natives.

Mines Seized.

News has reached Port of Spain that the Governor of Barcelona, Venezula, has received from President Castro orders to take possession at once of the coal mines of Guanta Naricual, situated near Barcelona, and leased in 1898 for 33 years by the Venezulan government to an Italian company.

The same day the Venezuelan troops took possession of the mines by armed force, as in the similar case of the New York and Bermudez Company notwithstanding the protest of the Italian manager. This action has been taken without a judgment of the court of Caracas.

The Italian Legation has been notified and Baron Allotti, Italian charge'd affairs is represented as having entered a protest.

The mines of Guanta, better known as Naricual, are situated about 12 miles from Barcelona, Aragua, and 16 miles rail from the port of Guanta.

These mines belonged previously to the Cail Company, of Paris. They were sold to an English company, from Glasgow, which afterward sold them to the Venezuelan government. They were leased in 1898 to the Italian company at present working them, known as the Lanzoni-Martini Company.

After battling against terrific winds and enormous seas for several days four of the largest trans-Atlantic liners reached New York today. They are the Cedric, from Liverpool; Main, from Bremen; St. Louis, from Southampton, and Ultonio, from the Mediterranean. All were greatly delayed.

The hull of the Peary Arctic Club ship, which Peary believes will force a way north that will finally land him at the Pole, will be launched at Bucksport, Maine, on Thursday, morning. The hull of the craft is peculiarly constructed and it is claimed that it will stand almost any amount of strain in the floes.

A secret which the federal court authorities have been guarding jealously will be revealed in Chicago today, with the indentity of the twenty three men summoned from the Northern district of the State to serve as jurors in the investigation of the alleged beef trust. The packing companies profess to have no serious misgivings of the outcome but officials of the federal court believe indictments are assured.

J Frank Cordova has written a letter to the President of the Mexican government asking him for financial assistance in prosecuting his appeal and getting bail. Cordova says the Mexican President was a great friend of his father and that he secured a position for him in Mexico last summer when he was there with Miss Bowne.

Czar Suffering from Religious Mania.

Berlin, March 20.—The newspaper Die Wele says that the Czar is suffering from a form of religious mania. He spends two hours every day praying in the palace chapel. He telegraphed to Father John, of Kronstadt, recently, to compose special prayers for a Russian victory, and likewise for the repression of the revolutionary movement. He sent a similar telegram to the Archbishop of Moscow. He wears a crucifix on his breast continually, as a protection against assassination.

Moscow, March 20.—The great synagogue which the Grand Duke Sergius forcibly closed fourteen years ago, has been reopened and was reconsecrated with a thanksgiving service.

Independent Refineries.

Topeka, Ks., March 20.—Kansas will have a dozen independent oil refineries within a year. W. J. Pickell, of Humboldt, is organizing a company to establish an independent refinery at that place with a capital of $100,000. One-third of the money already has been raised. Since the maximum in freight rate on oil has gone into effect the Webster Refinery at Humboldt cleaned up over $800,000 in profits last week and its owners expect it to net $1,000 a week after this. Ex-Governor E. A. Burke, of North Dakota, and H. E. Ewarts, of South Carolina, representing a concern with $1,000,000 capital, are looking for sites for three independent refineries.

Heavy rains and the high temperature, which caused a rapid melting of the ice, are responsible for floods along northern rivers, and much damage has already been done.

Four buildings in course of construction in New York collapsed yesterday, the sudden change from cold to warm weather and alleged faulty work being given as the cause. Fortunately, it being Sunday, nobody was in the buildings, and consequently no fatalities occurred.

Found guilty of gambling and high imprudence and unministerial conduct in that he dabbled in stocks, Rev. Dr. Wilbur F. Corkran late Saturday afternoon was supended from the ministry for one year by an ecclesastical court of the Wilmington, Del., Methodist Episcopal Conference.

Captain Davidoff and other officers responsible for the carelessness in allowing a shell to be fired during a salute at the blessing of the waters of the Neva, thus imperilling the Emperor and others in the imperial pavilion, have been dismissed from the army and imprisoned. The court found there was no connection on the part of any of those on trial with a plot to assassinate the Emperor.

Twenty-four miners are dead as the result of two explosions in the connected Rush Run and Red Ash mines, W. Va., belonging to the New River Smokeless Coal Company. The first explosion at 9:10 o'clock Saturday night caused the death of five men in each mine. About 3:15 o'clock yesterday morning a second explosion occurred in the Rush Run mine, and a rescue party of fourteen was swept out of existence.

THE WAR.

General Kuroki's army, according to a dispatch from his headquaters, dated March 16, leads the Japanese forces in the chase after the retreating Russians. Kuroki had covered 95 miles in nine days, with frequent fighting. A correspondent with the first Russian army covering the retreat report a Japanese flanking operation on the right.

The retreating Russians have not even time to bury their dead, so close are the Japanese pressing them. They evacuated Kaiyuan, 20 miles north of Tie Pass, Saturday.

The correspondent with the Russian first army, which is covering the retreat, reports from Gunshu Pass, 165 miles north of Mukden, that the Japanese are conducting a flanking movement on the Russian right.

It is stated on high authority in St, Petersburg that at General Linevitch's request the Emperor has appointed General Kuropatkin commander of the first army and that he has assumed command.

General Kuropatkin is reported to have been slightly wounded in the first day's battle at Tower Hill by an 11-inch shell falling near him.

The Japanese did not expect to take Tie Pass so easily, and the correspondent with General Kuroki says that all indications point to a continuance of the retreat of the Russians to Harbin. The Japanese have occupied Fakoman, and the Russians are reported to be badly disorganized.

General Linevitch, the new Russian commander in chief, in his first report tells of a heavy Japanese bombardment of his retreating army, and their appearance on the railroad about 22 miles north of Tie Pass and their occupation of Fakoman.

Throughout Poland the men are determined to resist the orders for mobilization. Workmen are being urged to build barricades in the streets and prepare for a struggle. The obstacles against raising a new army in Russia are rapidly increasing.

DENIAL FROM SWANSON.

Mr. Claude Swanson, candidate for the nomination for governor of Virginia, has addressed the following letter to the Times-Dispatch:

I have just been informed by some friends that some of my political enemies are circulating the report that I knew of, and was concerned in, the issuance of a circular regarding the amount of taxes paid by Mr. Willard to the State of Virginia, as published in a recent issue of your paper. I desire to say that this report is absolutely false, and can have originated only with my enemies for the purpose of misrepresenting me and prejudicing my candidacy, I had nothing whatever to do with the issuance of such circular, and have not the remotest idea by whom it was issued. I have never seen one of the circulars, nor have I seen a person who has received one. In all the years that I have been in politics, and I have conducted many fierce and hotly contested campaigns, I never issued a circular, nor do I approve of their issuance. I desire to say further that if I shall at any time make any statements concerning the candidacy of my opponents these shall be made in public addresses to the people, openly and frankly, and, I would prefer, in the presence of those concerned. And in this connection I wish to say that I shall conduct my campaign on the very highest plane, discussing the public issues and questions involved in good temper and the proper spirit. I hope the primary to which we all appeal will be absolutely fair and free of all bitterness, and that the law recently passed governing elections and primaries will be rigorously and scrupulously observed, so that when the successful candidate in the primary shall have been nominated his success will have been attained only by the most honorable means, producing no discord in the party, and that he will be received as the nominee of the entire party and not of any faction, and thus be enabled to lead a united democracy to a successful victory against the common enemy. If this is not followed, the fault will be with others, not with me. Very truly yours,

CLAUDE A. SWANSON.

Virginia News.

Preparations for the launching of the battleship Minnesota at Newport News, April 8, have been completed.

Gen. Arthur C. Cummings died at his home at Abingdon yesterday aged eighty-three years. He was a graduate of the Virginia Military Institute of the class of 1844 and served the State gallantly in the Mexican and civil war.

Late Saturday night a dozen policemen raided three gambling places in prominent parts of Lynchburg. Games of chance were in full swing when the policemen entered and about 40 well-known citizens were arrested and marched to police headquarters, where they were bailed for their appearance in the Mayor's Court Tuesday morning.

The Mt. Vernon tract of iron ore land lying in the eastern part of Rockingham and Augusta counties was sold Saturday at public auction, and was bid in by Jacob Yost, of Staunton, as agent for a Staunton syndicate. The land comprises about 30,000 acres, and was sold under a decree of the Circuit Court. The price paid was $20,000.

Senators Martin and Daniel say that the proposition to construct a new State out of the mountainous portions of Tennessee, Kentucky and Virginia is too absurd to be talked about. They say that it is next to impossible of accomplishment, and that it would be little short of assininity for anyone to offer a bill in Congress for that purpose. They both point out that to construct such a State, the consent of the legislatures or the people of each State affected would have to be procured—a consent which they declare no sane person will expect to be given.

The Collector's Office.

Already a scramble is going on throughout the Sixth internal revenue district for the collector's office, which for the past eight years has been located in this city. Abingdon, Roanoke and Lynchburg have already set up their claims and other cities are yet to be heard from. At the meeting last Friday of the Lynchburg Board of Trade Secretary Faulkner was directed to draft suitable resolutions touching upon the desire to have the office removed to that city from Alexandria and to enlist the interest of Congressman Glass and Senators Daniel and Martin in the project.

The Lynchburg News says:

The following letter from Major Daniel was received Saturday by Congressman Carter Glass:

United States Senate,
Washington, D, C., March 17, 1905.
Hon. Carter Glass, Lynchburg, Va.,
My Dear Mr. Glass:

Recalling my promise to you to see about the proposed removal of the internal revenue office of the Western District of Virginia to Lynchburg as soon as I reached Washington, permit me to say that I arrived in this city returning from Nashville, Tenn., on Wednesday night, and have this morning interviewed the commissioner of internal revenue upon the subject. Without going into details of this interview, the situation as it stands today may thus be summed up:

(1) No recommendation has been made by any public official for the removal of the office from Alexandria, and no applications upon the subject have been received. The public interest and convenience is the general standard by which the department will be governed. What is the public interest and convenience will be determined by all the circumstances of the ease.

(2) If the city of Lynchburg and the people of the section surrounding it desire the removal of the office from Alexandria to Lynchburg, they should set forth in a petition the considerations of interest and convenience which point to Lynchburg as the proper location of the office, and this should be submitted to the Commissioner of Internal Revenue at Washington,

(3.) Seven railroad lines connect at Lynchburg, and it is more readily approachable from all points of the Western District of Virginia than any other place in it. A statement of the revenue business that centers at Lynchburg would be appropriate as well as one of its various conveniences to persons having business with the internal revenue office.

(4.) If such petitions be sent to me while I am here I will be pleased to submit them. You, as the representative of the district, will of course be ready to give any suggestion on the subject to facilitate the efforts of those who are taking steps for the removal contemplated.

I represent other sections of the State as well as Lynchburg, and shall bear in mind all the interests that are to be subserved in this matter. I have no hesitation, however, in expressing my opinion that the location of the office at Lynchburg would conform to the interest and convenience of the citizens of the Western District of Virginia more completely than any other point. If facts were submitted which alter this opinion, I would be equally candid in yielding to their force, but I do not anticipate that they exist. Very truly yours,

JNO. W. DANIEL.

In response to a telegram from the Board of Trade, Senator Martin also writes that, in his judgment, "the central location of Lynchburg, and the large business interests there, and easy accessibility, seems to me to point strongly in line with the wishes of your Board of Trade. It will give me pleasure to interest myself in the matter in co-operation with Senator Daniel and the member of Congress from your District."

Senator Elected.

Amid wildest disorder, during which an attempt was made to drag the presiding officer from the rostrum, desks were broken and the clock in the House of Representatives was smashed, Major Willam Warner, republican, of Kansas City, was Saturday afternoon elected United States Senator from Missouri. The election of Major Warner ends the deadlock in the legislature which began January 18. Saturday's session was the forty-fifth and the elective ballot cast was the sixty-seventh. It was also the last day of the legislative session, and Major Warner was only chosen within 15 minutes of 3 o'clock, the hour of final adjournment. Major Warner succeeds Francis Marion Cockrell, democrat, whose term ended March 4, and who had held the office since 1874.

Boiler Explosion, Fire and Loss of Life

Brockton, Mass., March 20.—At 7:50 o'clock this morning the boiler exploded at the factory of R. B. Grover & Co., makers of the Emerson shoe. The entire west half of the factory was razed to the ground. In the wreckage were from 200 to 300 of the four hundred people at work in the factory. Fire broke out immediately, and a few minutes after the explosion the ruins were a mass of flames and smoke. The front of the factory, which was left standing by the explosion, immediately caught fire, driving out the rescuers from that part and making haste essential for their escape. An hour after the catastrophe the large four story factory was a blazing ruin, with fallen walls, and the Dahlborg block, corner of Calmar and Main streets, the old Tavern building next to it, on Main street, and seven houses on Denton street and in that vicinity were blazing. The cries and shrieks of those pinned in the fallen ruins and held down by the beams and timbers was heartrending. Such a scene and such horror was never known in Brockton before. The shrieks could be heard resounding as far away as Montello street, nearly a half mile distant. Then the flames and smoke enwrapped the victims of explosion, and the cries were hushed. The factory had been cut in two by the explosion near its centre, and the four-story part that settled to the ground was the west part of the factory, on Calmar street, and that part running along Denton street at the rear. The walls of this part of the factory were crushed like an egg shell, and the entire structure careened away toward the street and fell to the ground on the Denton street side and to the second floor on Calmar street. On the fourth floor was the stitching room and the gang room. Those in the lower floors are thought to have suffered most loss. Many of the girls and women in the upper floors were got out and through windows and beneath broken beams they made their way out. Others were caught by the falling timbers and could not get out. Many of these were seen by the rescuers who, unable to do a thing, had to abandon them to their fate. The number of killed is estimated at over fifty.

Brockton, Mass., March 20.—Estimates of dead in the ruins vary from fifty to seventy-five. None of the bodies can yet be taken out. Fire was under control about 10:30 o'clock.

Brockton, Mass., March 20.—Raking over the ruins has just been commenced. Eighteen bodies taken therefrom so far.

Brockton, Mass., March 20.—Up to 2 p. m. thirty bodies have been taken out of the ruins.

War in the East.

London, March 20.—Baron Hayashi, the Japanese Ambassador here, today made public the following statement based upon a message received by him from Tokio: "Our detachment, at 6 a. m. on March 19th, occupied Kaiyuan, 20 miles north of Tieling. The enemy afterwards attempted a counter attack, but was repulsed. The enemy burned the bridges on the main road south of Kaiyuan, and also destroyed a part of the railway bridge. A number of Russian guns were found buried near Mukden."

Paris, March 20.—The Petit Journal has received a dispatch from St. Petersburg, which says that the death rate among the Russians at the front is very heavy. Five thousand men died at Harbin last week from disease or as the result of the wounds received in battle. The conditions there are reported as being horrible in the extreme, most of the railroad cars and trucks upon which the wounded are brought in are left on sidings near the station without the injured soldiers being removed. The result of this can be easily imagined the station having become a combined hospital and refuse heap from which a horrible stench is emitted. Some of the figures given place the number of wounded and sick Russians in Harbin at 70,000."

Damage by Floods.

Buffalo, N. Y., March 20.—South Buffalo resembles a lake this morning. A territory several miles square was inundated, but a drop in the temperature checked the spread of the water. Much damage, however, resulted.

Pittsburg, Pa., March 20.—An ice laden torrent is this morning rushing down the Allegheny river and during the day will inundate the lowlands of the valley and of Pittsburg and Allegheny City, with a flood stage of 28 to 30 feet. The crest of the flood will have passed before nightfall.

Wilkesbarre, Pa., March 20.—The Susquehanna river at this point reached the 19 foot gauge at nine o'clock this morning, and is rising steadily at the rate of three inches an hour. The lowlands are becoming inundated and families living in the flooded district are becoming alarmed and are preparing to leave their homes. The water must go up six feet more before traffic with the west side towns is cut off, but it is not believed that the water will reach the danger line this year.

Pope Wants Peace.

Liverpool, March 2.—A dispatch to the Post states that it is learned on the authority of a prominent member of the Vatican that the Pope is seeking to influence European diplomacy in favor of mediation in the present war in the far East. He has communicated directly with certain rulers, including the Kaiser and King Edward, and has also sent a friendly letter to dignitaries of the Greek Church expressing the hope that peace will be declared soon.

Letter to Geo. W. Petty,

Alexandria, Va.

Dear Sir: The cheap paint to buy is the one that covers more than you think; the cheap one to wear is the one that is young when old,

Mrs Moore, of Kelsey, N Y, bought 16 gallons Devoe to paint her house two coats; her painter said it would take that. Had 6 gallons left.

Mr James Ackley's house, in Cairo (Catskill Mountains), N Y, was painted Devoe; it wore 14 years; and the paint was in good condition then. He was going to paint, the last we knew, though. That's the way to preserve a house; repaint when there's no occasion.

Yours truly

Senator Marten.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., March 20.—Senator Martin opened the State headquarters here today. Mr. Joseph Button is here and he and Mr. Leslie Martin, the Senator's brother, will assist the Senator throughout the campaign. Governor Montague has not definitely announced his intention, but will likely open his campaign with a speech in Danville in the next ten days.

Meningitis.

Pottsville, Pa., March 20.—On account of the furore created in Philadelphia by the epidemic of cerebro spinal meningitis, when Stanley Vandyke, son of Joseph Vandyke, a prominent Pennsylvania railroad man of this place, died here today of that infectious disease, there was great excitement created.

The Garfield school building, where the boy attended, even up to the closing day, last week, has been shut up by the Pottsville Board of Health. The building is being thoroughly fumigated, and other precautions have been taken by the health authorities to check a spread of the fatal malady.

Asphyxiated.

Cleveland, O., March 20.—An entire family may be wiped out by natural gas. This morning at the home of James Bally, neighbors found the mother and six children almost dead from asphyxiation. Anna, a baby, died soon after the rescuers broke into the home, and Margaret, aged 14, is dying at a hospital. The mother and the other children are in a critical condition, at hospitals. When the neighbors discovered the family the father was locked up at Central police station on an intoxication charge. He was later released.

Southern Train Held Up.

Chattanooga, Tenn. March 20.—West bound passenger train on the Southern Railway which left here at 8:45 a. m. for Memphis, was held up at Lookout station, at the foot of Lookout Mountain, this morning. The express messenger was knocked senseless. The man who attacked him was captured by officers who trailed him with bloodhounds in the mountains soon after.

Sailing of a Cruiser.

Norfolk, Va., March 20.—The United States cruiser Colorado left Hampton Roads for Venezuela at 6:30 o'clock this morning.

Washington, March 20.—The Navy Department denies that the destination of the Colorado is Venezuela. The officers state that the vessel is merely going to Culebra, P. R., and return on a tactical cruise.

House Dynamited.

Hazelton, Pa., March 20.—The home of Mrs. Atonio Boetger, a widow in west Hazelton, was dynamited this morning, and the woman and her three children were seriously injured. The outrage is believed to be the result of Mrs. Boetger being a witness in a liquor license remonstrance. The license was refused. The police are investigating.

New York Stock Market.

New York, March 20.—About ten minutes before the opening, brokers for many large houses started through the different crowds and sold to a great extent all the stocks wanted, the price to be fixed after the opening, based on the first transactions. This left the market practically without any demand after the first sales, and some of the buyers fearing that they had been loaded with stock they did not want to carry, hurried to unload. The result was that after a strong opening, with gains from ¼ to ½ per cent., there was a quick decline of about a point.

Official.

AN ORDINANCE granting to the Alexandria Fertilizer & Chemical Company the privilege of constructing a bridge over Union street, between Queen and Princess streets.

Section 1. Be it ordained by the City Council of Alexandria that the Alexandria Fertilizer & Chemical Company, a corporation incorporated and doing business under the laws of the State of Virginia, be and it is hereby authorized and empowered to construct a bridge not wider than ten (10) feet and at twenty-five (25) feet above the grade on Union street from the property owned by said company on the west side of Union street, between Queen and Princess streets, in this city, to the property owned by said company on the east side of Union street, between Queen and Princess streets.

Reorganization of the Electric Railway Company.

A deed of trust, copies of which were filed for record in the offices of the clerks of the courts of Alexandria county, Fairfax county and Alexandria city Saturday afternoon, practically reorganizes the Washington, Alexandria and Mount Vernon Railway Company. The deed was filled in this city at 5:10 o'clock in the evening, after the Gazette had gone to press. The deed consists of 52 pages of closely printed matter and describes every piece of property owned by the company in Alexandria city, Alexandria county, Fairfax county and Washington city.

The officers of the company are: Clarence P. King, president; Henry H. Pearson, jr., vice president; Frank K. Hipple, secretary; John W. Pittock, treasurer; Horace A. Swartz, assistant treasurer.

The directors are: John Cassels, Washington, D. C.; S. Wynne Ffoulkes, Howard S. Graham, Frank K. Hipple and Clarence P. King, all of Philadelphia; Frank Mertens, Washington; Henry H. Pearson, jr., Philadelphia.

The deed, through which the names of the new officers became known, is made to secure an issue of $1,000 five per cent. gold bonds to an amount not to exceed $2,500,000, to be applied to the payment of the indebtedness resting upon and outstanding against the railway company, and for betterments, improvements, and extensions of properties, &c. Interest is payable on the bonds semi-annually, on March 1 and September 1, and they are redeemable at 110 and accrued interest upon three months' notice.

The company has canceled and retired its former bonded debt and has executed a first mortgage for a total of $2,500,000. Of this amount, $1,500,000, are immediately authorized and issued, $1,000,000 being reserved in the treasury for future aquisition, betterments, etc. The capital stock of the company is $1,500,000, par 100 per share.

The Real Estate Trust Company, of Philadelphia, of which Frank K. Hipple is the president and William E. Philler the secretary, is named as trustee in the deed. According to the provisions of the deed the bonds will be 2,500 in number, each of the denomination of $1,000, dated March 1, 1905, and payable fifty years after date. They will be known as "first mortgage five per cent. gold bonds." The mortgage covers all of the properties, equipment, rolling stock, power plants, right of way, contracts, &c., of the Mount Vernon Company in Washington city, Alexandria county, Alexandria city, and Fairfax county, and all extensions and acquisitions, new rolling stock, equipments, improvements, &c.

Section 1 of Article I of the instrument provides that the railway company shall at once deliver to the trustees bonds to the amount of $1,500,000, at par, and the residue when authorized by the board of directors of the railway company, but the residue shall be issued only at the rate of $800 of par value for each $1,000 of the estimated cost to the railway company for acquisitions, extensions, betterments, &c. As stated above, the deed stipulates that all of the obligations of the company shall be retired. The obligations consist, it is believed, of bonds to the amount of about $750,000.

The present issue of bonds, it is said, provides for extensive improvements to the property, as well as necessary enlargements. Because of the action of the State Corporations Commission it is stated, it has become necessary to immediately double track the line from Washington to Alexandria. This work has been commenced, and it is expected will be rapidly pushed to completion.

Additional eqipment has also been ordered from Messrs. J. G. Brill & Co., of Philadelphia, and delivery of a part of it is looked for about April 1 and the balance during the month of May. The new station and offices of the company, in Washington, adjacent to the postoffice building, at Twelfth street and Pennsylvania avenue, are almost ready for occupancy, and work on the tracks connecting Fourteenth street with the station is in progress. The company expects to operate its cars to the new terminal in April.

Upon the completion of the new highway bridge now being constructed over the Potomac river between Washington and Virginia the company will locate its double track on the bridge.

Other improvements, it is said, are being considered by the management, who, it is stated, now have on the property highly experienced electrical engineers, who are making a complete survey of the situation in detail with the view of determining and reporting on all features for the betterment of the road.

A force of men was at work this morning a short distance north of Spring Park preparing for a continuation of the double-track which was constructed from Four-mile run to Arlington Junction about two years ago. There are several sidetracks between Spring Park and Four-mile run, and the work of connecting these with the new tracks will, it is said, be accomplished as soon as possible.

Shad in the River.

The steamer Harry Randall brought up the river yesterday a fine lot of shad which had been caught in trap nets at Rock Point, in Wicomico. The fish were taken to Washington. The mild weather of the past few days has, it is believed, brought numbers of shad and herring into the river, and it is confidently expected that the fishermen will soon be catching them. The work of preparing Fishtown for the reception of the season's catch will have been completed with the dredging of the dock which was being continued today.

Local fishermen report satisfactory hauls in Hunting Creek. One fisherman caught five barrels of perch and other fish yesterday.

The Storey cotton concern which has gone into the hands of a receiver, and which deluged the postoffice here with circulars a year or two ago, is repeating their letters to those whose names they had about twice every week.

Feast of Esther.

With the setting of the sun today the Jewish festival of Purim, or the Feast of Lots, will begin. The Feast of Purim is in celebration of the deliverance of the Jews from the persecution of Haman, grand vizier of King Ahasuerus, whose machinations were thwarted by Queen Esther, a maiden of the tribe of Benjamin, whom the king had wedded during the captivity, and who established the annual celebration in memory of the event. One of the most significant customs of this celebration is to send gifts to the poor, and every year all Jews give a certain sum to charitable institutions according to their means. There was a happy gathering of Jewish Sunday school children in the synagogue on Washington street yesterday afternoon, when the spirit of the feast was in evidence. Addresses were made by Messrs. N. Wollberg and B. Weil, in which the origin of the feast was recounted in an interesting manner and reminders in the shape of candy, &c., were distributed to the little ones.

I. O. O. F. Anniversary.

Potomac Lodge, No. 38, I. O. O. F., will celebrate its sixty-sixth anniversary on next Friday night in their hall on north Columbus street. An interesting programme has been arranged for the occasion and the public will be admitted by card to be obtained from the members. Potomac Lodge was instituted in this city on March 19th, 1839, under the jurisdiction of the Grand Lodge of the District of Columbia. In 1846, owing to the change of the geographical boundary of the District of Columbia, the lodge was transfered to the Grand Lodge of the State of Virginia and given its new number, 38. The property owned by the lodge on north Columbus street, and known as Odd Fellows's Hall, was purchased on November 15th, 1841. The building was originally a one story structure, endowed in 1812 by Mrs. Martha Washington as a female free school. Potomac Lodge is in a flourishing condition and numbers about 155 members.

Police Court.

[Justice H. B. Caton presiding.]

Charles Baltimore and Joseph Carroll, both colored, arrested by Officers Mayhugh and Lyles charged with gambling, were fined $2 each.

Six boys, arrested by Officers Mayhugh and Nicholson charged with defacing property, were turned over to their parents for correction.

Ludwell Grayson, colored, arrested by Officer Lyles for disorderly conduct and trespassing upon electric cars, was fined $5.

A white man, arrested by Officer Beach charged with maintaining a nuisance upon his premises, was dismissed.

Edward Elzy and Ernest Page, both colored, arrested by Officer Allen charged with disorderly conduct, were fined $2.50 each.

Killed by a Locomotive.

The body of an unidentified white man, about twenty-five years of age, was found lying beside the tracks of the Washington Southern Railway near St. Asaph Junction shortly after 9 o'clock Saturday night. The man had evidently been struck by a locomotive. Dr. Ashton, the coroner of Alexandria county, yesterday held an inquest over the remains. The verdict of the jury was that the man came to his death by being struck by a locomotive, and suggested that some precaution should be taken by the railway company to prevent similar accidents. There was nothing on the body by which the dead man could be identified. The remains were taken to Mr. B. Wheatley's undertaker's establishment where they will be held for a few days.

Accident to a Youth.

Ryland, the thirteen-year-old son, of Mr. Theodore Fones, living at 710 Wolfe street, fell from a tree on south Washington street Saturday afternoon. He struck on a granite curb and his back was broken about at the tenth dorsal vertebrae. He was removed to his home, and Dr. A. A. Rittenour summoned. The unfortunate boy was engaged in flying a kite when it became entangled in the limbs of the tree. After making several efforts to dislodge the kite he finally climbed the tree, when he was suddenly thrown to the ground by the breaking of a limb.

Bottlers Organize.

The bottlers employed at the Portner Brewery met yesterday and organized as branch No. 1 of Local 251, of Washington, D. C. The officers are William Wenk, president; Joseph Martin, vice president; E. J. Harrison, secretary, and Charles Keys, treasurer. The delegates to the Alexandria Trades Council are Thomas Hayes, William Roberts, Charles Finnegan, Charles Underwood and John Sorrell. Conrad Schroeter, of Washington, and representatives of the Local Trades Council were present and assisted in the organization.

A Warm Sunday.

The temperature yesterday was too warm for comfort and perspiration was common with many who were walking the streets. During the morning there were light rains, but later the heavens became partly clear and at times the sun's beams caused discomfort. Many people were on the streets and suburbs, and many doorsteps were filled with people as is the case in summer. There was rain, thunder and lightning in Baltimore yesterday. The Weather Bureau predicts colder weather.

River Notes.

There was a log on the river this morning. Navigation, however, was not seriously impeded by it.

The schooner W. H. Maguire, from Nomini, with lumber to H. K. Field & Co., has arrived.

The sloop Belvidere is being rebuilt at D. W. Aitcheson's wharf.

The prospect of the resumption of the Alexandria and Washington ferry in the near future is still the principal subject of conversation about the wharves.

Opera House.

The Wills Shows, which will be exhibited at the Opera House on Thursday, Friday and Saturday of this week, are said to be high-class, sparkling musical comedies and full of fun from start to finish. In the company there are some of the best performers obtainable, and those wishing to be reminded of a day at Atlantic City should avail themselves of this opportunity. This company appeared at the Opera House last season and was greatly enjoyed by all who patronized it.

Alexandria Trades Council.

The Alexandria Trades Council held a public meeting in the Opera House Saturday night. A fair sized audience was present and Mr. M. S. Belk, president of the local council, presided.

The first speaker introduced was Mr. James O'Connell, president of the International Association of Machinists. He spoke of the wage earners of the country and said that their association was not understood by the public in general. They were associated for the betterment of all; the day for individual effort had passed—this was a day of associated effort. Had not the ministers of the gospel associated their efforts in one common cause, and had not people in every calling of life followed their lead and associated themselves for their protection?

Mr. O'Connell was followed by Mr. Samuel Gompers, president of the American Federation of Labor. The speaker said: "If you are to take the statements some opponents make you would think that we had no love for our country. But the American labor movement can stand upon the record it has already attained. You cannot find any law on the statutes of the country put there by or-organized labor unless it was for the interests of our country. Ancient and historic Alexandria, with all her traditions, never made so important a move as when she introduced organized labor into her midst. Real liberty constitutes not merely shouting or the right to vote, but it means the right to have a voice by which the labor of man shall be sold. While I am a devoted admirer of Virginia and Virginians and would not take one leaf or twig from its history, still it is for organized labor to proceed against and stop the introduction of child labor and convict labor. Do not sell the convicts' labor to money grinders. We all know that they could be employed in improving the roads of the State. Let your union stand as a Gibraltar. We want every man and woman in the fold of organized labor. Do not violate any agreement into which you have entered. I want to see a better relationship exist between you and your employer. Cooperate with him so that more cordial conditions may exist."

Mr. W. S. Sherman, secretary of the Electrical Workers' Association of the United States, will deliver an address before the council in Sarepta Hall tonight.

The Collector's Office.

In view of the approaching change in the head of the office of collector of internal revenue of this district, it may be of interest to some to know what other changes may be made. As heretofore stated, Mr L. P. Summers will succeed Mr. Park Agnew as collector on May 1. The deputies in the office are the appointees of the collector and can be removed at the will of the collector. The deputies are Messrs. E. P. McLean, A. H. Agnew, J. A. Eggborn, G. W. Patterson, R. W. Davis H. J. Acker and G. W. Grayson.

The clerks are Mrs. Tinsley, Mrs. Flood, Capt. J. A. Herndon and Mr. A. K. Stratton. These hold office under civil service rules and are not removable except for cause.

The gaugers and storekeepers also hold office under the civil service rules. These are divided into two classes—those appointed under Rule 2, whose maximum salary is limited to $500, and those who are classified and taken from the eligible list. These can draw the maximum per diem, which in this district is $3.50. This latter class are appointed by the Secretary of the Treasury upon the recommendation of the collector. In this district there are upwards of 75 gaugers and storekeepers and these are scattered all over the district.

The Roanoke Times says; "It is reported that Mr. John C. Noel, of Lee county, is to be Mr. L. P. Summers's first assistant when he comes into the office of collector of internal revenue for the Sixth district of Virginia. It is said that the first assistant to the revenue collector gets a salary of $1,800."

This position has been faithfully and efficiently filled by Dr. E. P. McLean, in this city, for some time past. Dr. McLean succeeded Mr. James Beamer, who was compelled to relinquish the office after a long term of service by reason of failing health.

Death of a Colored Woman.

The death of Barbara Moore, a well-known colored woman, living on Cameron street, near Fayette, was prematurely announced some time ago. She has, however, paid the debt of nature, her death having occurred last Saturday evening. The deceased was recently paralyzed while addressing a small audience in the street. She had of late become a religious enthusiast and was wont to preach in her neighborhood on Sunday afternoons. In 1896 Mr. W. J. Bryan was accorded a welcome on Fayette street as he passed through this city on a train. As it was leaving the depot a cannon was discharged which the Moore woman claimed injured her house. She entered suit against the parties who had the cannon in charge, but a verdict was rendered for the defendants.

Sermon to Youths.

There was a large attendance at the Second Presbyterian Church last night when Rev. Dr. F. J. Brooke delivered a practical and interesting address to the Boys' Night School, most of the members of which were present, together with many interested in the school. The text was "Learn of Me," and while the sermon was directed to the boys of the school, it was meat in due season to all present. Rev. J. F. B. Tinling, of London, England, occupied a seat in the pulpit. The latter conducted a gospel temperance service in the M. E. Church South in the afternoon.

Watch Recovered.

A lady's gold watch was stolen from the residence of Mr. John Davis, 333 north Henry street, a few days ago. The theft was reported to Lieutenant Smith and he ascertained that a colored youth named Ewell had the timepiece. Mr. Davis upon being informed sought the boy and the latter delivered up the watch. He said it was given him by a colored man named Smith.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favorite with the mothers of small children. It quickly cures their coughs and colds and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by Gibson and Timberman and W. F. Creighton & Co.

Car Thieves.

Shortly after 3 o'clock yesterday morning, Officer Roberts was summoned to the Washington-Southern Railway station to arrest two car thieves, who had been locked in a car loaded with merchandise. Just before his arrival, however, the men broke from the car, fired several shots at the conductor of the train, and made their escape. The conductor was unhurt.

The Benning Races.

The stables at the Benning track are fast filling up with horses from the West and South, many from Virginia being already on hand. It is predicted that the fields will be larger than during any previous meeting. The track is in fair shape and should the sun hold out for a few days the horses will get thorough workouts. The races will begin on Thursday next.

Officers Elected.

An adjourned meeting of the Mt. Vernon Construction Company was held in this city last Saturday when the following officers and directors were elected: Jas. S. Swartz, president, and A. P. Palmer, secretary and treasurer. The directors chosen were Jas. S. Swartz, F. K. Hipple, J. F. Fehnestock, G. B. Morrell, D. C. Leech and J. K. Swartz.

Church Notes.

Rev. Samuel Stokeley preached at Trinity M. E. Church yesterday, both morning and night, in the absence of Rev. J. A. Jeffers, who is attending conference in Wise county. In the morning Mr. Stokeley preached a special sermon to the glassblowers. Among those present was Mr. D. A. Hayes, national president of that organization.

Rev. J. P. Stump will leave here tomorrow for Winchester to attend the annual conference of the M. E. Church South. It is expected and hoped by Mr. Stump's many friends in this city that he will be returned to his Alexandria charge. Mr. H. K. Field has been elected a delegate to represent the church in this city at the conference, and Messrs. J. E. Alexander and F. J. Pollard, who are officers of the district conference, will be delegates ex officio.

Rev. J. W. Wood, of Norfolk, editor of the Spirit of Missions, delivered an able address at Christ Church last night and gave an interesting account of the work being done by the Episcopal Church throughout the world.

Rev. Flournoy Manefee again occupied the pulpit of the Baptist Church yesterday and preached two interesting discourses.

Rev. J. F. B. Tinling addressed the W. C. T. U. at the M. E. Church South yesterday and during the week will continue his sermons according to the announcements published on Saturday.

Interesting and well attended services were conducted at the Free Methodist Church yesterday, when the quarterly meeting was held.

LOCAL BREVITIES.

A. E. Taylor, alias "Will" Taylor, a negro workman, shot and killed Frank England, a fellow-workman, also a negro, at a railway construction camp near Lewinsville, Fairfax county, early yesterday morning, and made his escape. The police of this city and Washington are looking for the murderer. A woman was cause of the quarrel.

The War Department has been unable to get any trace of Lieut. Alphonse Strebler of the artillery, who disappeared some months ago from Fort Hunt, Fairfax county, and for whom a search has been made. Lieut. Strebler was about to be court-martialed at the time he left his post. Efforts were made to find him immediately, but these have not met with success.

John H. Stull, a young man living at Bealeton, was treated at the Emergency Hospital in Washington yesterday afternoon for a bullet wound in his left hand. He stated that in packing a trunk at his home yesterday he accidently discharged a pistol, the bullet laying open and breaking the first finger of the left hand.

The Baltimore and Ohio Railroad transfer slip, at the foot of Wolfe street, was damaged late Saturday evening by the derailment of some cars.

The members of the Relief Hook and Ladder Company will give an oyster roast tonight.

An infant son of Mr. J. L. Kelly died at its parents' home, 1214 King street, last night.

Should Have a Playhouse.

In a sermon yesterday at Temple Emanuel, New York, on the topic, "An Alliance Between Church and Stage," Rev. Dr. Joseph Silverman said:

"Why should not the Actor's Church Alliance have a theatre of its own, where there may be carried out the ideals which it has of high dramatic presentations, without the present outcry against the stage? I believe that if it were possible to have their ideas carried out, if they could get a theatre for the presentation of such plays, there are many men and women who would endow such a theatre, and thus show to the world that the modern stage is the ally of the church, the promoter of morals and an example to the whole world. If such a theatre were established I believe others would be erected in every section of the world. If there are any within the sound of my voice who hearken to these words I wish they would communicate with me."

The stage, Mr. Silverman declared, is but an outgrowth of the pulpit; a part of the paraphernalia that belonged originally to dramatic presentation of religion. There was no scruple in presenting religion so that it would appeal to the masses.

Beautiful New Dress Goods

For Early Spring and Easter Gowns.

All the stylish standard weaves and latest French novelties. The popularity of the graceful, loosely meshed weaves for both street and house wear is very marked this season.

Also English Mohairs in the choicest new designs and finest qualities, plain and fancy—a fabric that will be a great favorite this season.

Also some very elegant French fabrics in single dress lengths. These were manufactured for us in France, therefore are exclusive and without duplicate.

The following are among the leading favorites:

Bradford Fancy and Plain Mohairs and Sicilians, in pin checks, shepherd checks, broken checks and fancy plaids.

Fancy Mohairs, in hairline stripes.

Fancy Mohairs, in iridescent mixtures.

Shadow-striped Mohairs.

Prices ranging from 50c to $2.50.

Mannish effects in checks, stripes and plaids, $1, $1.25, $1.50, $1.75 and $2 a yard.

Check Silk and Wool Voiles, very soft and sheer, $1.75 and $2 a yard.

Silk and Wool Eolienne, a very bright, silky fabric, in colors suitable for evening or street wear; 44 inches wide, $1.25 a yard.

$1 French Voile, in a complete line of the most desirable colors, 75c a yard.

Second floor, G st.

The New Black Dress Goods.

Black is more fashionable than ever, and manufacturers have done their utmost to add new beauty to the weaves selected for the season's favorites. The soft, sheer, graceful fabrics lead in popularity.

Special attention is called to the very broad assortment now displayed from the world's leaders in black goods—Priestley and Lupin.

Murdered in a Saloon.

Abraham Rieter was just about to close up his saloon at 811 north Robey street, Chicago, at one o'clock yesterday morning, and his three latest customers were preparing to leave when three masked men entered, each armed with revolver, and told the proprietor, who was behind the bar counting his receips, to hold up his hands. While one of the robbers kept watch on the saloonkeeper the other two gave the same order to the customers.

Fritz Kruger, a tailor, was sitting in a chair at a table in the center of the saloon and did not respond at once to command. He perhaps was dazed by the suddenness of the attack. At any rate, he kept his hands down, but made no move to resist. Then a shot was fired and he fell forward on the table dead. He was shot through the head by one of the desperadoes.

Paying no attention to the dead man, and with the utmost unconcern and precision the robbers proceeded to ransack the till, taking $50. Fearing the shot had attracted attention from the outside, they did not search the men in the place, but ran for the rear door and disappeared. In a few moments the police were notified and a wagon load of officers arrived at the saloon. Up to the late hour no traces of the robbers were found.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided by keeping their digestion in good condition with Electric Bitters. S A. Brown, of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." E. S. Leadbeater & Sons, druggists, sells and guarantees them at 50c a bottle.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and by the proper treatment of these diseases a threatened attack of pneumonia may be warded off. There is no question whatever about this, as during the thirty years and more that Chamberlain's Cough Remedy has been used, we have yet to learn of a single case of a cold or attack of the grip having resulted in pneumonia when this remedy was used. It is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by Gibson & Timberman and W. F. Creighton & Co.

A Dinner Invitation.

After a hearty meal a dose of Kodol Dyspepsia Cure will prevent an attack of Indigestion. Kodol is a thorough digestant and a guaranteed cure for Indigestion, Dyspepsia, Gas on the Stomach, Sour Risings, Bad Breath and all stomach troubles. N. Watkins, Lesbus, Ky., says: "I can testify to the efficacy of Kodol in the cure of Stomach Trouble. I was afflicted with Stomach Trouble for fifteen years and have taken six bottles of your Kodol Dyspepsia Cure, which has entirely cured me. The six bottles were worth $1,000 to me." Sold by all druggists.

Nothing will cure Indigestion that dosen't digest the food and give the stomach a rest. It isn't necessary to starve yourself in order to rest your stomach—take Kodol Dyspepsia Cure. It will digest any quantity of all the wholesome food you want to eat while your stomach takes a rest—recuperates and grows strong. This wonderful preparation is justly entitled to all of its many remarkable cures. Sold by all druggists.

There is one rational way to treat nasal catarrh: the medicine is applied direct to the affected membrane. The remedy is Ely's Cream Balm. It restores the inflammed tissue to a healthy state without drying all the life out of them and it gives back the lost senses of taste and smell. The sufferer who is tried of vain experiments should use Cream Balm. Druggists sell it for 50 cts. Ely Brothers, 56 Warren street, New York, will mail it.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

New York Daily Tribune.

If you are looking for a daily history of the world, carefully collated and sifted and presented in the most attractive form that the facts and the laws of good taste will permit, you cannot make any mistake in reading the Tribune every day. It contains special articles on nearly every subject which is supposed to interest intelligent and clean-minded people, to say nothing of the illuminating and instructive editorial articles and reviews of books, music and the drama. Invest $1 and get the daily and Sunday Tribune by mail for a month. With the Sunday Tribune goes a handsome illustrated supplement and a magazine, with colored covers, equal to anything sold for ten cents.
